

CREATE A HEALTHIER LEARNING ENVIRONMENT

You can make it easy for staff, students, and visitors to practice good hand hygiene and virtually stop the spread of germs to hands and surfaces by making GOJO® hand soaps and PURELL® hand and surface sanitising solutions accessible in high-touch areas.¹

- GOJO and PURELL Dispensing Systems are easy to service and built to last.
- PURELL Sanitising Stations are freestanding and ideal for high traffic locations.
- PURELL Antimicrobial Wipes Plus safely and effectively sanitise surfaces and hands.
- PURELL hand sanitisers kill 99.99% of most common germs and are a great way to help prevent the spread of infection in any environment.
